

## CLIM FORTUNE OF \$30,000,000 KEEP MINISTERS FROM THE SICK

St. Louis Heirs Interested in an English Estate.  
IT LIES NEAR LONDON TOWN

ATTORNEY WARD OF ST. LOUIS  
WILL PROSECUTE CLAIMS.

One Hundred Persons in Missouri, Illinois and Pennsylvania Will Send a Representative to England to Urge Their Rights.

Disputes from Pittsburgh, Pa., state that the heirs of the late William Robinson, an English multimillionaire, held a meeting there Thursday and appointed a representative to go to London and attend to their interests in the estate.

The heirs number about one hundred. Of these at least forty live in St. Louis, southern Illinois and Missouri. The rest live in western Pennsylvania. Only those living in Pennsylvania were present at the Pittsburgh meeting.

The most prominent in St. Louis and vicinity who are active in having the estate partitioned are William L. Winkle of the Winkle Terra Cotta Works at Cheltenham, Winkle, Winkle, Miss E. Catharine Winkle, Capt. Joseph E. McCullough, a river man; William J. Robinson of 223 Florida street, Mrs. Martha L. Brown and Mrs. Margaret L. Handley of Cheltenham, Mrs. Mary L. Thompson of Butler County, Missouri, and Mrs. Susan E. Crowell of Metropolis, Ill.

C. C. Ward, an attorney, whose office is in the Carleton building, represents the western heirs. He stated to the Post-Dispatch Friday that he should probably make a trip to England himself this summer in the interest of his clients.

William Robinson died in London in 1864, leaving an estate valued at about \$30,000,000. He was a silk manufacturer. After his death the estate was found to consist mostly of bonds and real estate in London, a suburb of London. It has increased in value since his death and is now said to be worth about \$50,000,000.

He left a widow, but no children. His will provided that the widow should hold the estate during her life, and after her death it should be divided among his sisters and one brother. There was another brother, who was excluded from all share in it. The widow died long ago.

None of the heirs married and all are now dead. The whole estate, consequently, belongs to the heirs of the one brother, Irving Robinson, who emigrated to St. Louis and died there. He was a family of 10 children, from whom all those who allege they are heirs to the Robinson estate, claim descent.

Only One Child Is Now Living.

Only one of the children of Irving Robinson is still living. She is Mrs. Elizabeth Lynn of Bolivar, Pa. She is 31 years old.

One of the daughters of Irving Robinson married a McCullough and became the mother of Capt. Joseph McCullough of St. Louis, well-known in the city. A granddaughter of Irving Robinson married a Winkle and became the mother of William L. Winkle of St. Louis. Through her all the Winkles expect to establish their rights in the estate.

William J. Robinson of 223 Florida street believes he is a grandson of Irving Robinson, although he is not able to present absolute proof of the fact.

Soon after William Robinson's death the American heirs, who are scattered all over the country, began efforts to secure possession of it. Numbers of them have visited London and several times they have sent agents. All the efforts, however, proved fruitless because of lack of cooperation. The present attempt is the first in which all of the heirs have participated.

For some time a correspondence has been carried on with one of the undersecretaries of the Bank of England.

Mr. Ward, the attorney for the western heirs, stated Friday that he had expected to be present at the meeting in Pittsburgh, but had been notified some time ago by the Pennsylvania heirs that it would have to be postponed until summer. The Pittsburgh dispatch was the first report he had seen of the meeting. He at once notified his clients and held a consultation with them Saturday.

MAY EXTRADITE W. S. TAYLOR

Testimony in the Ripley Case, All in, May Lead to Requisition Papers.

Special to the Post-Dispatch.

FRANKFORT, Ky., April 13.—In the trial of Garnett Ripley for the Goebel murder 21 witnesses have been examined, nearly all of whom had testified in the cases previously tried.

The belief is prevalent that Gov. Beckham will issue a requisition on Gov. Durnin of Indiana for ex-Gov. Taylor and Finley, since the evidence of Bradley and Yost, Taylor's chief counsel in the governor contest, implicates them. In this connection, Ripley's evidence is watched with keen interest. He is expected to take the stand in his own defense today.

Gov. Beckham ordered a battery from Louisville to Letcher County yesterday afternoon in a report that the sheriff and two deputies had been killed, but afterward countermanded the order. This gave rise to the rumor that Taylor had been kidnapped.

Telegrams from Indianapolis say Taylor is practically dropped by Republicans and others there.

RUSSIA WILL LAY MINES

Port Arthur, Vladivostok and Other Ports Will Be Strongly Fortified at Once.

LONDON, April 13.—Joseph Chamberlain's organ, the Birmingham Post, learns that the Russian ministry of war and marine have issued joint orders for the laying of an extensive system of submarine mines at Port Arthur, Vladivostok and elsewhere in those seas. The apparatus leaves Odessa early in May.

TO ASSASSINATE KRUGER.

Plot Formed in Amsterdam Said to Have Been Disclosed.

AMSTERDAM, April 13.—The police of this city, says the Amsterdam correspondent of the London Daily Express, recently heard of contemplated attempts upon the life of Paul Kruger of the Transvaal. One of the persons arrested is said to have made a confession.

## ST. LOUISAN INVADERS "MILLIONAIRES" ROW

Dr. J. J. Lawrence Is Building in Fifth Avenue, New York, a \$200,000 Residence Near That of Andrew Carnegie and Other Millionaires.

Architect Swasey's plans for Dr. J. J. Lawrence's \$200,000 New York residence, now in course of erection, which will be a product of St. Louis brains, as well as of St. Louis capital, and which is being erected by St. Louis builders.

Dr. J. J. Lawrence of St. Louis is a new addition to "Millionaires' Row" on Fifth avenue, New York. Architect William A. Swasey of this city is building for Dr. Lawrence a handsome residence in that famous section of Gotham, which the wealthy St. Louisian will occupy a portion of the year.

The house is at the northeast corner of Eighty-ninth street and Fifth avenue. Opposite is a Pittsburgher's residence costing \$100,000. A block north is Andrew Carnegie's magnificent residence, and a block south Henry C. Frick has recently built a home at a cost of \$200,000. Dr. Lawrence's house will cost \$200,000.

The grounds cost him \$150,000. Some of the large office buildings of this city have been erected at a figure less than \$300,000, but Dr. Lawrence's New York residence, though showy and handsome, will be a modest one among its princely neighbors.

The work of construction was begun Jan. 10 and the house is to be finished by November. The architecture of the reception hall is of the Grecian style.

On the second floor the reception hall is a Moorish smoking room. A large Elizabethan dining room, a butler's pantry, kitchen and servants' dining room are on this floor.

The second floor is a commodious library, finished in rich woods. The hallway is extra large. The drawing room and Dr. Lawrence's study are the other apartments on this floor.

The third floor has three large bedrooms, with dressing room and bath room connected with each. Four handsome guest chambers, each with bath, are on the fourth floor. The ballroom and the servants' quarters occupy the fifth floor.

MULE INJUNCTION DISSOLVED

Suit Brought by the Boers at New Orleans to Prevent Shipment Thrown Out.

NEW ORLEANS, La., April 13.—Judge Parlange, in the United States Superior Court today, handed down a decision, dismissing the suit brought by the Boer representatives here to prevent the shipment of mules and horses out of New Orleans to the British army in South Africa. The decision is a lengthy one.

MR. HORNSBY WAS MAYOR

President of the Council Ruled in the Absence of the Chief Executive, Who Is in Chicago.

It was Mayor Joseph L. Hornsby for an official hard day Saturday. Mayor Wells left for Chicago Friday night to attend a meeting of the Council, as provided by the charter, assumed the duties of the mayor in his absence.

Callers at the office were few, and no official business of importance came up during the morning. Mr. Hornsby's only official duty was to sign a commendation of a waiter to the House of Refuge. The office closed at noon, Saturday being a legal holiday.

Mayor Wells will be back at his desk Monday morning. In being able to take vacation he is more fortunate than former Mayor Ziegenhein, who, during a large part of his term, was at war with the president of the Council and did not dare entrust the latter with the official power of the mayoralty for even a day.

TOTRIE MARKS.

Eight-year-old minstrel, who will appear at the South St. Louis Turner Hall Sunday evening.

THIRTY-FIVE LITTLE GIRLS.

Thirty-five little girls, ranging in age from 7 to 14 years, will be the principals in a unique minstrel performance to be given at the South St. Louis Turner Hall, Tenth and Carroll streets, Sunday evening.

Dick Richards, who originated the idea of presenting the little girls of this age in old-time black-face minstrelsy, has been training the youthful performers for some time. Totrie Marks, 8 years old, is one of the stars of this troupe, which contains some of the cleverest children in North and South St. Louis.

The entertainment will be followed by a hop.

WILL BE CLEAR AND COOL

Dr. Hyatt Says He Will Try to Duplicate Easter Weather for Boulevard Promenaders Sunday.

Dr. Hyatt says Sunday will be clear.

It will try to duplicate the Easter weather for the good people of St. Louis. He told the Post-Dispatch Saturday morning.

There is a possibility of a thunderstorm some Saturday night, he adds.

"The storm is passing off to the East," the doctor explains.

"It is raining throughout Missouri. The somewhat colder weather I look for is coming from the Rocky Mountain region."

DEAD MAN IS WALTER FEE.

Was Known to St. Louis Friends as Edward Marshall.

Walter Fee, whose family lives at Wilkinston, Mo., lies dead at the morgue as Edward Marshall, by which name he was known to the police of this city and thus recorded in the Bertillon Bureau.

A telegram to Chief of Police Kelly from John Fee, the father of the deceased, was received Saturday morning, making inquiry as to the truth of the reports concerning his son's death.

Fee was shot and killed by the appearance at the Four Courts of Fee's sister, who identified the remains.

Fee was shot and killed by Sam Reinhardt in Al Canty's saloon at Fourteenth and Pine streets Thursday. The family will bury the remains.

Will Build a New Factory.

The Peters Shoe Co. will begin Monday the erection of their \$100,000 factory on Twelfth street and extending from Monro to North Market street.

## MAJOR WELLS HAS FIRMNESS

Said to Have a Deaf Ear for Party Bosses.

WILL USE HIS JUDGMENT

BUTLER AND HAWES SAID TO HAVE SUE FOR FAVORS.

Secretaryship Has Not Been Filled and Other Appointive Positions Are Still Open, Pending the Mayor's Action.

Reports of friction between Mayor Wells and Democratic leaders are being actively circulated at the City Hall.

The license commissioners, which will be the first important appointment, outside of his own office, which the new mayor will have to bestow, is said to have been the subject of a brief and decisive interview between Mr. Wells and Edward Butler.

"Cool," Butler, it is reported, called upon the mayor Wednesday with the request that his son, John Butler, be appointed license commissioner.

"You may as well dismiss that thought from your mind," the mayor is reported to have said.

"Cool day, Mr. Mayor," Butler is credited with saying, in the most urbane manner.

Friday Butler was again a caller at the mayor's office but did not go beyond the outer apartment, where he conversed with the mayor. "I don't want to see the mayor," he said. "I just came in to see my friend Fred. I've got nothing to ask the mayor for, except some jobs for some of my colored friends. When I ask for them I will expect to get them, or I will be troubled."

A second report which is causing much interest concerns a visit made by Harry B. Hawes to the mayor. His errand, it is said, was to recommend to the mayor the office of secretary to the mayor.

"That is a matter on which I shall wish to be guided entirely by my own judgment," the mayor is said to have remarked.

Mr. Hawes said that he had not conversed with the mayor on the question of the secretaryship, but that his call at the mayor's office had been for the purpose of discussing political board business. Mr. Butler was not at the residence when a call was made there to get his version of the story concerning his conversation with the mayor.

The license commissioners may be named next week, as the Council will convene Tuesday. The time when a secretary to the mayor is to be appointed is still in the indefinite future, and Temporary Secretary J. P. Remmers is performing the duties of the office, while candidates for the place are multiplying.

ACKNOWLEDGES EMBEZZLEMENT

Employers of W. H. Hussman Cause His Arrest.

FORGERY IS ALSO CHARGED

HE WAS WITH BARRETT MANUFACTURING CO. 13 YEARS.

HUSSMAN, Who Is 27 Years of Age and Married, Claims That a Woman Not His Wife Caused His Downfall.

William H. Hussman, an office employee of the Barrett Manufacturing Co. at 109 North Ninth street for 13 years, was arrested by Detectives Brady and Ziegler Friday night, while he was in the company of May Quessel, at 210 Olive street.

In the presence of Chief of Detectives Desmond, Hussman confessed that he was an embezzler and forger from his employment to the extent of \$400 and that his operations had extended over a period of nine months. His wrong-doing, he said, was due to his infatuation for a woman not his wife.

Miss May Hussman, the wife of the man under arrest, who is only 27 years of age, came from her home at Mt. Vernon, Ill., three days ago in response to a telegram from her husband, in which he intimated to her that he anticipated his arrest within a few days.

She gave her key to the whereabouts of herself, and during the past week the anxious woman has searched the city for some trace of the sender of the mysterious message. She told the Post-Dispatch at the Four Courts, where she appeared immediately after the arrest, that Hussman's intrigue with another woman was a painful revelation.

Warrants Issued

Include Two Charges.

Warrants accusing Hussman of embezzlement and forgery were issued by Assistant Prosecuting Attorney Johnson Saturday at the instance of Porter S. Marquis, Manager of the Barrett Manufacturing Co. The papers were drawn by Attorney Thomas B. Harvey on a statement of the prisoner.

STORE WRECKED BY EXPLOSION

Official Action Followed an Investigation by Police Acting Under Capt. O'Malley's Orders.

Dr. John L. Cassidy of 1408 North Grand street, which was blown up Wednesday night and was partially destroyed by fire, was taken to the Post-Dispatch Saturday morning with arson in the first degree.

Dr. Cassidy is the proprietor of the drug store at Broadway and Brooklyn street, which was blown up Wednesday night and was partially destroyed by fire. Detectives Gocking and Sullivan, acting under orders from Capt. O'Malley, collected the evidence which was laid before Assistant Prosecuting Attorney Johnson. An iron pipe four inches in diameter and a foot long had been filled with some powerful explosive and when it exploded it set fire to the building.

The police stated that Dr. Cassidy left the store about ten minutes before the explosion. He was in Rudolph Kahn's tailor shop and remained there nearly ten minutes. When he left his store he locked the door. As he re-entered the store the explosion occurred.

The building that was wrecked was owned by Dr. Cassidy until April 2, when it was sold under a deed of trust held by Mrs. Louise Hunt of 3420 Lucas avenue for \$500.

Dr. Cassidy is at his home on North Grand avenue, but the police say they have a charge in a warrant issued since the explosion to obtain his statement.

PROMISED A PARDON

WHARTON GOLDEN WAS ASKED TO SHOOT GOEBEL.

Organized Mountain Army

Ripley's Military Company Said to Have Been Illegally Organized.

FRANKFORT, Ky., April 13.—In the Ripley trial this morning, W. P. Reeder, ex-county clerk of Knox County, testified that he talked with Caleb Powers and Charles Finley frequently in regard to the crowd they were getting up to go to Frankfort Jan. 25. Witness asked Finley if there was going to be a fight at Frankfort. Finley replied that he thought so, and would not be surprised if Goebel should be killed.

Town Marshal Jesse of Pleasureville testified that Ripley's military company had its first drill at Frankfort. Finley had organized the company, and the second drill was on Jan. 20, both in secret.

County Judge Bruce testified that Ripley's company was illegally gotten up, no application having been made for its organization as required by law.

Wharton Golden told of the organization of the mountain army. He got it up in conjunction with Powers, who gave him the money. He also told of the conversation with Gov. Taylor, in which Taylor asked him if he and his men would back up the Republican members of the legislature in case they started a fight. He told Taylor he would do that.

Golden told him that in January Goebel was the only way to settle the contest, that several hundred men should be brought here from the mountains and that Taylor would pardon the man who did the shooting.

Touching Ripley, the witness said he saw him in the adjacent general's office a few days preceding the assassination. Ripley told Ripley he had no guns with him, but he was carrying a revolver. Ripley said he would buy Winchester for the key of the secretary of state's office, Jan. 25. The prosecution then rested.

A motion for peremptory instructions for acquittal on evidence presented by the Commonwealth was overruled by Judge O'Neil made the opening statement for the defense. He said that he was convinced his client was innocent, that he did not even know Caleb Powers. Finley or Youtsey. He said that he had only met him once in a situation, and the proof showed no link between the two men and the conspiracy.

## NEEDS MORE FIREMEN

CHIEF SWINGLEY SAYS CITY SHOULD HAVE 150 MEN.

## ASKS FOR SIX NEW COMPANIES

Says These Additions Are Necessary In Order to Give St. Louis Adequate Protection.

Six new fire companies and 150 more firemen are asked for in the annual estimate of the expenses of the fire department which has been submitted by Chief Swingley to the controller.

Six locations which the chief considers strategic and necessary are suggested for the proposed new houses. The points named are:

Twelfth street and Washington avenue, Ninth and Buchanan streets, Ninth and Soudard streets, St. Louis and Grand avenues, Maryland and Taylor avenues and the rear of engine house No. 27, at 471 Easton avenue.

The first five named locations are for engine companies, and the last for a truck company.

In his report Chief Swingley asks an appropriation for the new houses as proposed, and states that four of the points named are a mile or more from the nearest engine house.

"At present," says the chief, "the city is without means of protection in case two fires of magnitude should break out at once. With the new companies located as suggested, we should be able to meet such an emergency. Without considering such contingency, a sufficient reason for establishing the new companies is furnished by the present unprotected condition of the neighborhoods of the points named. The most urgent necessity of all is for an engine company in the vicinity of Twelfth street and Washington avenue, for the protection of Washington avenue, for the protection of the new houses, and for the protection of the city in general."

The addition of two men to each engine and truck company is also urged. The present strength of engine companies in the downtown district is 10 men, including the watchman, and in the residence district eight, including the watchman. The chief believes that two more men in each company are needed to maintain the needed strength. In downtown fires, he says, the most valuable time is lost by the lack of sufficient men to keep the lines of hose up flights of stairs rapidly.

The proposed increases in the department, aside from the new houses, would add considerably more than \$100,000 annually to the expenses of the department, and the chief believes would give St. Louis a practically perfect system of fire defense.

## MOUNTAINS AT BUTTE MOVING

Landslide on the Anaconda Hill Has Moved a Street Railway Track at the Foot Out of Position.

BUTTE, Mont., April 13.—A portion of Butte, believed to embrace the larger part of the hill upon which some of the Anaconda mines are located, is moving southward. At the foot of the Anaconda hill the slide pushed the tracks of the railway line about six inches for a distance of about three hundred feet.

Geologists and scientific men claim that the entire range of mountains about Butte is constantly sliding and that the sliding process, which has been going on for ages, has crushed and mixed the copper veins and are bodies of the Butte district and displaced many of them, is still going on. About a year ago a similar slide occurred in the western portion of the city, and right in the heart of the residence portion, the county courthouse, the handsome residence of Senator W. C. Clark, several churches and other buildings, were seriously cracked.

## WALDECK-ROUSSEAU'S CANCER.

Said to Be Caused by Excessive Cigarette Smoking.

PARIS, April 13.—The clerical journal, Verite Francaise, says that the intimate friends of Prime Minister Waldeck-Rousseau are alarmed at the condition of his health. There have been three operations in Paris and a fourth will be necessary in a short time.

The premier is suffering from a cancerous growth under the tongue, official reports to the country notwithstanding, his troubles are probably due to excessive cigarette smoking.

## GERONIMO GOES TO BUFFALO.

Large Party of Indians to Be Taken to the Exposition.

OMAHA, Neb., April 13.—More than 200 Indians of the Winnebago and Omaha tribes, with their ponies and equipment, are to go to the Pan-American Exposition, starting April 24. Supt. George W. Gaines of the Indian Congress is here attending to the arrangements.

Gerónimo, who has been a federal prisoner at Fort Sill 15 years, will go under escort of a deputy United States marshal. Red Cloud and American Horse, Sioux chiefs, will go with the main party.

## EMIGRATION TO CUBA.

For the Last Six Months of 1900 There Were 14,578 Arrivals.

WASHINGTON, April 13.—A statement setting forth the origin and extent of immigration for the last half of the calendar year of 1900 was made public by the division of immigration affairs of the war department today. The total number of immigrants arriving at that port during the period named was 14,578.

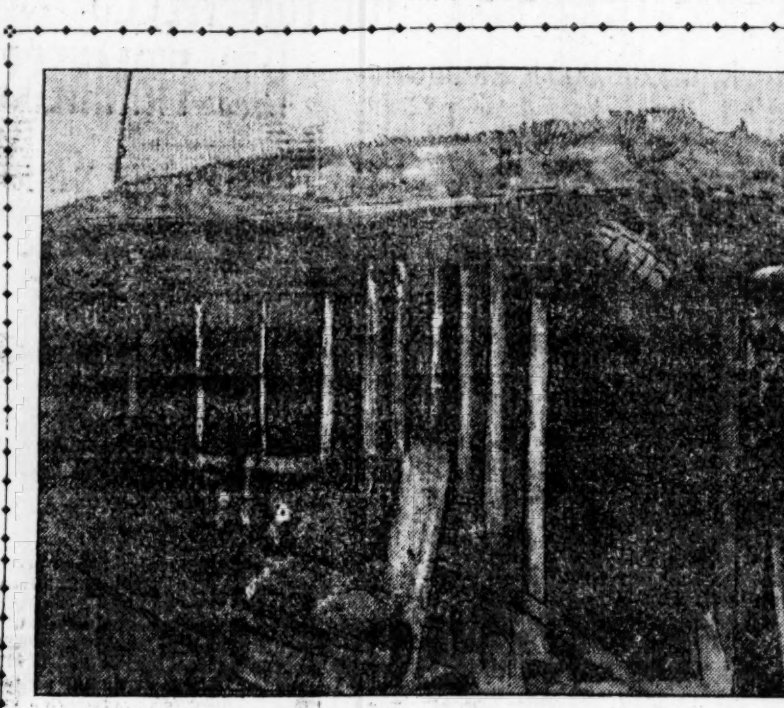

## GREEN GUILTY OF MURDER.

He Killed His Rival as He Sat in a Ballroom Beside His Sweetheart.

STEVENSON, Wash., April 13.—James G. Green was found guilty of murder in the first degree last night for killing F. V. Benjamin at Underwood's Landing March 23 last. Green shot through the window of a rooming house in which Benjamin was sitting in a ballroom beside Mrs. Nellie Brown, to whom Green was at one time engaged to be married.

## HERMIT AND BLACK CAT LIVE IN CAVE

Leopold Tribitsch, Philosopher and Propagandist, Who Spurns God and Would Murder Kings, Has Made a Primitive Home in Carondelet.

HERMIT TRIBITSCH AND HIS QUEER RETREAT.

## PHILOSOPHY OF THE CARONDELET PARK HERMIT.

"I only need a full stomach and a place to sleep to insure happiness."

"I want no women. They are a luxury, an adjunct of wealth."

"I want no President, no laws, no policeman to hamper a man's liberty."

"Are not all men born naked? Does the rich man enter the world in fine raiment? What greater proof that it is the natural law that all men are equal?"

"There is no God. A divinity is only the creature of fear. Bah. I am too brave to conjure up a God to rely on."

"The world is a creation of water. At first it was covered with water. It will end when all water is dried. The facts that we have no more great floods in the Mississippi Valley prove this law."

"I would like to dispose of the German Kaiser and the Russian Czar. The Czar I would boil in oil, a quick death. The Kaiser I would keep in my hut with his eyes blinded so he might suffer."

"I will get sick and may be many days in dying. Why should these despots die by a merciful shot or a bomb?"

"This spring a man and his sole companion, a great black cat, will be the world's fair it is an anachronism. But so is Tribitsch. The prophet of a new Utopia he lives the desert anchorite."

Leopold Tribitsch, anchorite, Tolstoid

and the prophet of a new era, has come to live in a dugout of his own making at the park border. With him he brought a great cat, Peter, his only confidante.

He is a stocky little red man, with eyes, beard and complexion of the same Auburn hue.

The hermit of Carondelet Park, he has been called.

He makes his living by peddling lamp wicks.

He lives a solitary life by choice. A master of four languages, he elects to keep silent.

He is 32 years old.

He makes but a few cents a day and lives on a single diet that he cooks himself.

He loves only the black cat, Peter. The brute clings to his master with uncanny affection.

Living in the center of a beautiful landscape and within sound of 20 church bells, he denies God and avows man.

Tolstoid preaches that every man should live to himself, hold no property and have no laws, and is famous.

Tribitsch practices the doctrine and lives in seclusion.

Tribitsch checked a life of world-wide wandering when, denying the right of any man to charge him rent, he came to burrow his underground home beside the park.

In the seclusion of his cave, with clear water since the drills ceased work, making a blue tinge to the water, he suggests in dramatic colors visions of the heaven whose existence the hermit denies.

No lover's spot could be found, but the instinct of a mole alone guided the man. It was a good place to dig, Tribitsch excavated for a month and gathered plans. At the end of a dug-out hut of two rooms stood in the solitude. On the plains of Manitoba the hut would have suited its surroundings.

Anchorite Is a Philosopher.

In St. Louis on the possible site of a World's Fair it is an anachronism. But so is Tribitsch. The prophet of a new Utopia he lives the desert anchorite.

He is a philosopher who reads Darwin

and follows Tolstoid. He preaches a new millennium, and is a cave dweller.

He is an anarchist who would reform by annihilation. He is a teacher who avoids man and talks philosophy to a cat.

Tribitsch calls to America from the Kaiser, but he stays in his cave.

He has traveled over the world, seen cities, men and manners and hopes to die in the den he has dug.

"Having tried through the straits, and applied to a hair, counseled with doctors and calculated close, I find no sweeter fat than sticks to my own bones."

That is the epitome of the old hermit's philosophy.

His hut is a dug his hut but to keep from giving his money to a brother man. A socialist, he avoids society and distrusts casual callers' attention to the painted sign near his hut.

"No trespassing on this property," it reads.

But the visitor will not down. The sight of the quaint old man and the weird cat fixes curiosity.

A further test of the men will be made in two weeks. This will be in the form of a match with a team of the Chicago police.

Through over, might waste to his Maker a bosom friend or two.

Yet, spite of all, there will be compensations. These pistol flashes from the district stations may dispel the dark.

And solve the lighting problem for the city; And—happy thought—they might, in smaller target, hit a Convenient World's Fair site!

W. M. Longworth, a Central district policeman, and Paul Dryden, clerk at the Ninth district, two candidates for the revolver shot team which is to compete at New York with representatives of the police departments of all the large cities of the country, made remarkable records in the preliminary local competition which was held here last night.

The shooting at the prescribed target, with a 4-inch bullet, at 25 feet, or 45 feet over the required distance, both men made possible score, 75. Detective Harry

Freese did almost as well, scoring 74.

The preliminary shooting has been continuing all week at Capt. P. Schaff's Shooting Academy, 720 Olive street.

And other household pets of the police have been tried out and the remainder will take their turns next week. At the conclusion, two men from each district will be selected to compete in New York.

W. M. Longworth, a Central district policeman, and Paul Dryden, clerk at the Ninth district, two candidates for the revolver shot team which is to compete at New York with representatives of the police departments of all the large cities of the country, made remarkable records in the preliminary local competition which was held here last night.

The shooting at the prescribed target, with a 4-inch bullet, at 25 feet, or 45 feet over the required distance, both men made possible score, 75. Detective Harry

Freese did almost as well, scoring 74.

The preliminary shooting has been continuing all week at Capt. P. Schaff's Shooting Academy, 720 Olive street.

And other household pets of the police have been tried out and the remainder will take their turns next week. At the conclusion, two men from each district will be selected to compete in New York.

## GREAT CIGAR COMBINE

AMERICAN COMPANY ABSORBS HAVANA AMERICAN CO.

## MAY CHEAPEN THE PRODUCT

First Named Company, Capitalized for \$10,000,000, Already Controls Cigarettes and Plug Tobacco.

NEW YORK, April 12.—The American Cigar Co., which was recently purchased by the American Tobacco Co. has made final arrangements for the absorption of the Havana American Co.

The last named company was organized with a capital of \$10,000,000 in November, 1899, under the laws of New Jersey, for the manufacture of cigars. The terms of transfer, it is said, have been satisfactorily arranged and it is only remains for the legal documents to be signed in order that the deal shall become effective.

By the absorption of the Havana-American Co. the American Cigar Co., which already controls the manufacture of cigarettes, snuff and plug tobacco, will make a big stride toward controlling the cigar trade as well. One of the immediate results promised to the smoker is a slight reduction in the retail price of cigars.

The importance of the combination is indicated by the names of the firms represented in the directorate of the Havana-American company. These include R. H. Shermans Bros. & Co. of New Orleans, the Flor Manana Co. of Key West, Seidenberg & Co. and Julius Ellinger & Co. of Tampa, Eugene Volleas & Co. of Chicago and Rosemer, Arnold & Co. of Key West.

The American Cigar Co. was incorporated in January, 1890, and was capitalized at \$10,000,000. It also was a combination of many manufacturers who had previously been doing an independent business. The independent cigar manufacturers say they have no fear of the combination. There are City and vicinity. The owners say that as they make local brands that are in popular favor their output cannot be easily displaced by the trust.

## MRS. DAY IMPROVING.

Her Husband Notified by Wire of Her Stroke of Apoplexy.

CANTON, O., April 13.—The condition of Mrs. William R. Day, who suffered a stroke of apoplexy yesterday, is materially improved today. She has regained consciousness and is able to recognize members of the family. Judge Day was reached last night and is expected here this afternoon.

Judge Day left Canton for Washington just before his wife was stricken. Messages were sent to several stations en route to intercept him. President McKinley co-operated the effort to notify his former secretary of state at the earliest moment possible.

# MANY WEARY WOMEN HE DENIED HELL FIRE

Are Slaving Over the Needle and Wearing Themselves Out.

**Mrs. Addie R. Holt, of Augusta, Me., Tells How Her Health Failed and the Way in Which She Found Relief.**

*From the Maine Farmer, Augusta.*

There are many women all over the land who are earning a living by the use of the needle. Confinement in close rooms and the trying nature of their work often causes them to grow pale and wan and to experience a feeling of constant weariness. This goes on, sometimes, until nature rebels and health breaks down. There is one way and only one way to restore the impaired vitality, and that is to strengthen the worn-out nerves and build up and nourish the impoverished blood. If the blood is kept healthy and rich and the nerves strong, new life and energy will soon be felt. This was the experience of Mrs. Addie R. Holt, a dressmaker, of No. 73 Bridge street, Augusta, Me. She says:

"About five years ago I began to experience a worn-out feeling. Sometimes I would lie in bed for day or so, but my dressmaking work obliged me to keep up, even when I did not feel able to be about. I suffered from female troubles and last spring I had rheumatism in my left arm and also a pain in my left side in the region of my heart.

In August a friend recommended Dr. Williams' Pink Pills for Pale People and I began taking them immediately.

I commenced to improve in about two weeks and in three months my weight increased from 121 to 133 pounds. Since taking the pills I have had no return of the pain in my arm nor near my heart.

"I am still taking Pink Pills for Pale People and I am glad recommending them to all who say that anything ails them."

Signed, ADDIE R. HOLT. Subscribed and sworn to before me this 4th day of February, 1901.

FREDMONT J. C. LITTLE, Notary Public.

All the elements necessary to give new life and richness to the blood and restore shattered nerves are contained in a condensed form in Dr. Williams' Pink Pills for Pale People. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the various forms of grip, palpitation of the heart, pale and sallow complexion, and all forms of weakness either in male or female. Dr. Williams' Pink Pills for Pale People are sold by all dealers, or will be sent postpaid on receipt of price, 50 cents a box, or six boxes for \$2.50 (they are never sold in bulk or by the hundred) by addressing Dr. Williams Medicine Company, Schenectady, N. Y.

## THOUGHT OF HIS WIFE

**FRANCIS E. RIGBY, DYING, FAITHFUL TO HIS TRUST.**

**SHE IS MENTALLY AFFLICTED**

For Twenty-Five Years He Cared for Her and Bequeathed Her His Wealth on His Death Bed.

**CHICAGO, April 12.**—A pathetic chapter in the life of Francis E. Rigby, the pioneer real estate dealer, who died at the Grand Pacific Hotel Thursday, was disclosed today when the provisions of his will were made known. It shows the enduring patience and faithfulness of Col. Rigby to an afflicted wife, through a period of nearly a quarter of a century, and that in his dying moments he thought of the invalid companion of his earlier years and bequeathed her half of his large estate.

Col. Rigby married happily 25 years ago. Within a few months Mrs. Rigby developed a mental disorder that proved incurable. After taking every precaution to insure good care for his afflicted wife, Col. Rigby took up his residence in hotels of the downtown district, which was his home until his death.

While breakfasting at the Grand Pacific Hotel the attack of heart failure which caused his death came upon him. He was unconscious condition he was removed to a private room, where, after application of stimulants, he rallied. Col. Rigby, who wrote a will bequeathing one-half of his property to his wife and the other half to his niece, Miss Anne Rigby Fowler, who resides in Leeds, England. The value of Col. Rigby's wealth is variously estimated from \$500,000 to \$2,000,000.

A Noted Boston Woman Describes its Symptoms and Terrors.—Two Severe Cases Cured by Lydia E. Pinkham's Vegetable Compound.

**ADELE WILLIAMSON.**

**"I am so nervous! no one ever suffered as I do! There isn't a well inch in my body. I honestly believe my lungs are diseased, my chest pains me so, but I have no cough. I am so weak at my stomach, and have indigestion terribly, and palpitation of the heart; am losing flesh; and this headache and backache nearly kills me, and yesterday I had hysterics."**

**"There is a weight in the lower part of my bowels, bearing down all the time, with pains in my groins and thighs—I can't sleep, walk, or sit, and blue—oh goodness! I am simply the most miserable of women."**

This is a most vivid description of a woman suffering with nervous prostration, caused by inflammation or some other diseased condition of the womb.

**Two Bad Cases of Nervous Prostration Cured.**

**"DEAR MRS. PINKHAM:—**I was suffering such tortures from nervous prostration that life was a burden. I could not sleep at all, and was too weak to walk across the floor. My heart was affected so that often I could not lie down at all without almost suffocating. I took Lydia E. Pinkham's Vegetable Compound and it worked like magic. I feel that your medicine has been of inestimable benefit to me."
